Coordinating Committee

The Coordinating Committee was formalised by the [Governance Group](#) in recognition of the commitment to work with adjacent farm owners and the users of the Moana.

The Committee includes representatives of landowners, the Lower Valley Development Scheme, Fish and Game, Forest and Bird, Ducks Unlimited, Wellington Conservation Board, local hapu, community restoration volunteers and staff from the partner organisations.

Members are informed of current project work and discuss issues and ideas related to the Wetland Project.

Coordinating Committee representatives
